Dear Clerk of the Board,

Frank C. Alegre Trucking Inc. appreciates the opportunity to provide public comment on the Proposed Advanced Clean Fleets Regulation (ACF).

The ACF regulation will drastically affect our ability to compete in the current market. Many of our competitors are fleets with less than 50 trucks. The ACF Regulation will drastically increase our costs and reduce our revenue potential which could drive companies out of business and further exacerbate the supply chain issues.

We urge you to amend the ACF regulation for more flexibility so that the regulation catches up with technology and not technology catching up with the regulation.

Thank you,  
Frank C. Alegre Trucking Inc.

Sincerely,

Andress Alegre
